

GRANDMA'S TALES

To bond with grandparents our nursery and primary wing started a project “grandma’s tales” in Oct 2014. Various events were organized for grandparents like card making, antakshari, musical chairs etc.

Grand mothers were invited to narrate stories from panchatantra, the epics Ramayana and Mahabharata and jatak kathayein to the children. The teachers put up the puppet theatre and involved the students in telling stories from around the world including Aesop’s fables using glove and stick puppets. On 26 December parents and grandparents were invited to see characterization from selected tales from around the world along with stories narrated by the children. The Principal counseled the parents on the use of storytelling as a tool of imparting moral education in an interesting manner with a lifelong impact. The parents thoroughly enjoyed the event.
