

'Heal the world'

The Eco club of DAV Public School, Kailash Hills participated in the 'Heal the world' project organized in the school as a Global Awareness Activity. The students made presentation on popular home remedies and medicinal plants used in countries like India, China and Germany and shared it with other students during the morning assembly.

A herbal garden was also cultivated in the school. Students planted plants like Tulsi, Ajwain, Ashwagandha, Haldi and many other locally available herbs and displayed their botanical names in the garden. The school principal, Mrs Ira Khanna, also participated in the plantation activity.
