

Kites Across the World!

DAV Public School, Kailash Hills celebrated kite festival during the month of August. During this kite festival the students studied about kites across the world. Students searched and shared presentations on the kite flying traditions in countries like India, Australia, Korea, Pakistan, China and Canada. A kite making competition was organized in the school in which students made beautiful kites representing different countries. On August 13th, on the occasion of the Independence Day celebrations, a kite flying event was organized in the school playground. The idea behind the festival was to use kites as an aid to teach mathematical concepts and to impart International understanding and awareness amongst the students.
