

## VAN MAHOTSAVA CELEBRATIONS REPORT

D.A.V. Kailash Hills celebrated van mahotsav in school. Each class prepared saplings from the seeds of the fruits they ate. Meaningful messages were put up all around by the Ecoclub on the importance of trees and how and why they are our lifelines. School Principal, Ira Khanna along with the students and teachers inaugurated the Plantation drive in the school. The children also pledged to spread the message of planting more trees and preventing further desertification of the mother earth so as to create a world that is pure and safe, free from any danger. Our eco club incharges Ms. Nidhi Gupta and Ms. Savlin Kaur encouraged the students to preserve trees to maintain Ecological balance . “It is the responsibility of every citizen to grow and protect trees”, they added.
