

NURSERY GRADUATION

On 17 March 2018, our school organized “Graduation” Ceremony. The theme was “Vidyarambha”. A very appropriate theme because the celebration was to initiate the tiny tots into formal schooling. This crucial day was celebrated with great zeal and enthusiasm and was well attended by various dignitaries, foreign guests, parents and grandparents. Dr. Renu Gulati, renowned child developmental psychologist and Acting Director at the Institute of Home Economics and Ms. Parveen Malhotra, India’s top Career counselor and educational consultant, graced the occasion as our Special Guests. Our Chairman, Dr. S.S. Khanna presided over the function, Vice Chairman Sh. S.S. Pushkarna and our worthy manager Dr. M.M. Goyal were superlative in appreciating and blessing the students. A team of Swedish students and their teachers from our ISA partner school also graced the occasion with their presence. Keeping in tune with the vedic culture the programme commenced with hawan followed by the lighting of the ceremonial lamp. The tiny tots ventured beyond the four walls of their classrooms to exhibit their innate talents. They put up a great show beginning with invoking the blessings from the ultimate guru – Lord Krishna, followed by welcome dance and Karate by the young Marshals of D.A.V. “Vidyarambha” - the Kindergarten project show was the highlight of the function. It emphasized the Right to Education for all and value of learning and growing together. This was followed by a fusion dance performance, “Viswas - Swachh Bharat Ka” wherein students pledged to create a Swachh Bharat. It was a moment of great joy and pride for the entire school fraternity, parents and grand parents as they watched the students perform with great fervour. The programme concluded with citation and presentation of certificates to young nursery graduates. Class XII 2017 meritorious students were also given cash rewards by Rotary Club of Delhi Central. The Newsletter of the school “kailash rattan” was also released by the dignitaries.
